Comments

We have spoken to our neighbour about the height of the proposed garage extension because we were confused by heights quoted from the plans ~~as~~ ie. where ground level is deemed to be.

Our neighbour tells us that the new garage will be no higher than the existing one and therefore we have no objection.

If, when a site visit is made, there has been some difference between his interpretation of the plans and what has been submitted, and it ~~is~~ may be a lot higher, then we may wish to object on the basis of loss of light in our kitchen.

Unless you indicate below you will not be allowed to speak at the Committee meeting:-

I wish to speak on the application at the Committee meeting – **YES** / **(NO)**
