Attention of Matthew Porter

Dear Mr. Porter,

I would normally object to the planned two east facing upstairs windows which overlook our back garden and, specifically, the patio where my wife and I spend a lot of time in good weather. I enclose an amended photograph, taken from our patio, which shows how exposed we would be.

However, the owners of the above bungalow have contacted me and we discussed their plans to extend and build up their property. They have now promised me that they will plant mature trees on their east boundary as soon as is practicable, so that the windows and the view are obscured.

I will not object to this development if the provision of trees, as a permanent barrier, is included in any approval of work to done.

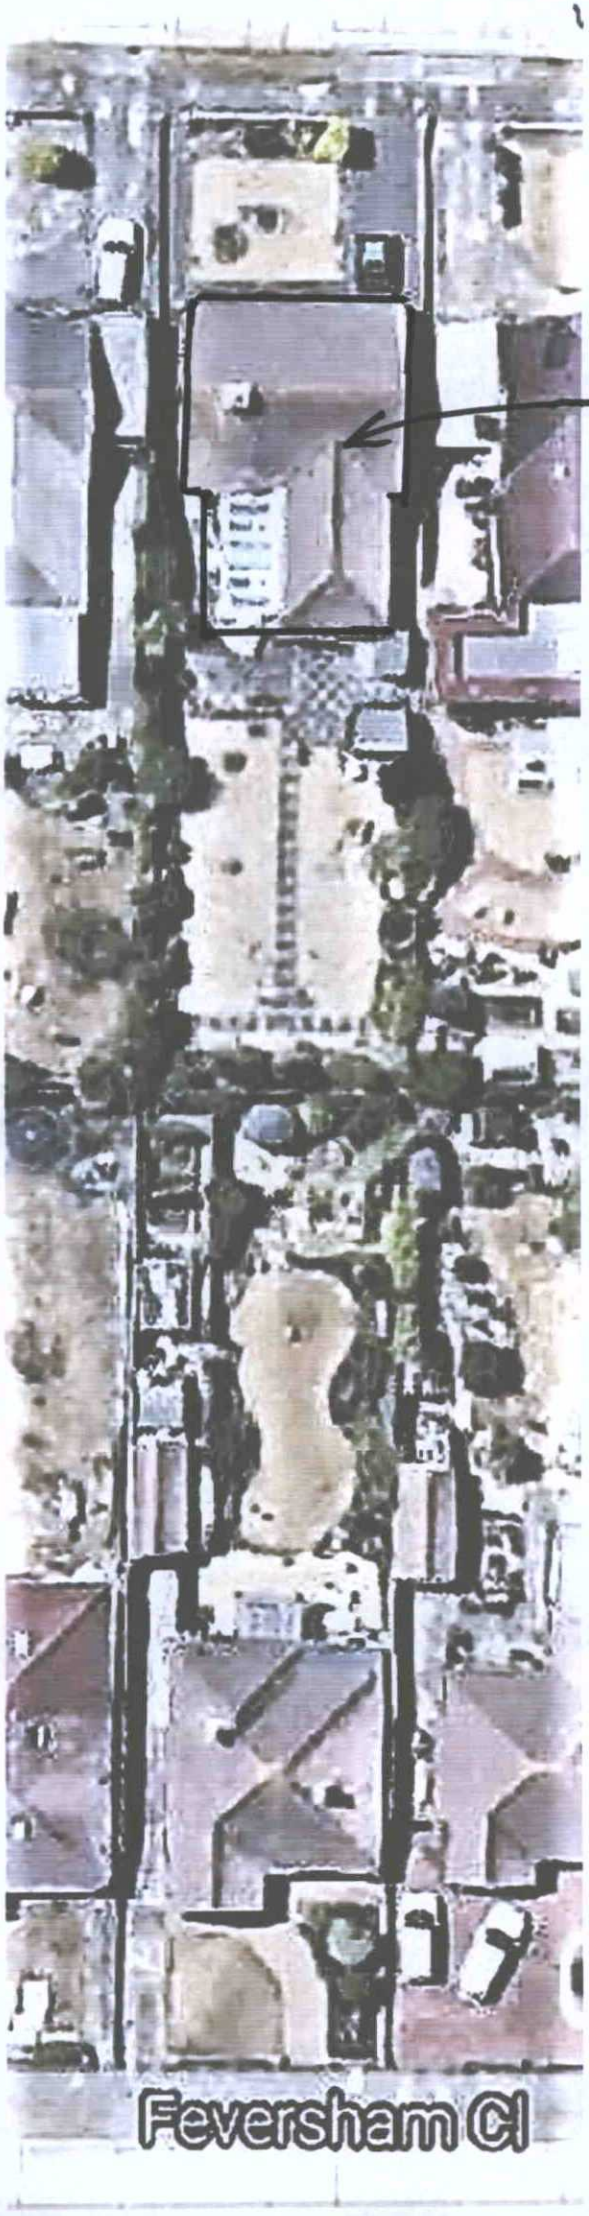

Yours sincerely,

[redacted]

Michael H. Sandon
