Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I believe this will cause me significant loss of privacy due to overlooking and also loss of light. Without being able to see the plans i would also oppose any plans for windows that may be sited and overlooking my garden. I also have great concerns over the decking which is currently being erected on top of the garage in his garden. This will mean that the occupant at 119 will be looking directly down into my garden, as it is i have not been able to go into my garden whilst it is being erected as i have felt very overlooked and now have no privacy. I have always understood that anything over 3 meters needs permission but i don't believe that he has in this case. I know from speaking to other neighbors that everyone is very upset by what he is has done.
