PLANNING SERVICES

Dear Sirs,

Your Ref: AWDM 1675/17.

I write in opposition to the proposed building of two extensions to the bungalow at 16, Ullswater Road, Sompting. This will take up most of the back garden, and will limit the light in my kitchen, and in my back garden. It will also create a great deal of noise and disturbance for some months while it is built.

I read, from your letter, that you are not concerned with the effect of value on this, my very acceptable property, its loss of view, and its loss of selling-price. You should be concerned—

we buy property for several reasons. I came here in November 2012. I had to increase my lifetime Mortgage, to get it, but thought it worth it, as it was a beautiful, bright property, with all that I wanted, or needed, at my age. It was to be my final home.

It will still have to be that, as I dare say it will be for other neighbours. Why should I have to suffer loss of ~~w~~ views, light, devaluation of property, because of two people who, when asked why they bought it when they knew they'd need to make radical changes, said "well, we wanted a project!"?

I do not wish to suffer this project.

Yours faithfully,

[redacted]
