Subject: 1-3 Eastern Avenue, Shoreham-by-Sea: extended hours of business.

Ref no: ADC/0466/10
for the attention of The Development Management Section: Peter Barnett

I write to lodge my objection to the above application for extended hours of business.
1-3 Eastern Avenue is situated in a residential area. Residents have suffered much disturbance in the past with sleep depravation when Palace Drinks occupied the site. I understand that if this application is granted it stands with the site and therefore future companies would have automatic right to the proposed conditions.

It will mean an increase in traffic - Gordon Road is already a very busy road not only during the day but throughout the night.

Flood lights have been a problem on occasion. The lights are supposed to go off at 9pm but this has not always been the case and I have had to keep my bedroom door closed as the light has streamed through the windows at the back of my house.
The effect of the flood lights on wildlife must also be a consideration. My garden is host to sparrows, bluetits, long tailed tits, goldfinches, green finches, wrens, robins, blackbirds, dunnocks collared doves, field mice, slow worms and the holly-blue butterfly.

Most importantly to consider are the hard working families that need their rest, not only at night but on Sundays and Bank Holidays.

With regards
Karol Eager
