For the attention of Amanda Haslett

I refer to the above application for raising roof ridge with front and rear dormers on the above property. Thank you for the letter. Although possibly being able to look into my garden, which I'm not too happy about I suppose that doesn't clarify for an objection?.

What is making me very cross, is that I did not receive information for planning application for 19 Moorfoot Road, with a bedroom window and a bathroom window, which I would have objected to, as no 19 Moorfoot Road was only finished and occupied late or early part of this year. These two roof extensions (one at No 17 identical) these two bedrooms, look almost directly into my lounge when I am sitting on my sofa, which has made me very unhappy, I am elderly and do like my privacy.

Is it possible that you could look into this retrospectively? Also to check that a letter was sent out (which if so I did not receive for No 19) which must have been sometime last year. I certainly would have objected to No 19 erecting the same

.

I would like your response.

Thank you

The Owner
