Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Other - Privacy Light and Noise
Comments:	I strongly object to this application being a homeowner in Fishermans Walk and a bus user. The installation will be like a beacon of light too close to properties, too distracting for vehicle drivers, and take away from

the design of the current bus stop which is perfectly adequate. The cost and negatives for this installation far out way any advertising benefit, due to the position the bus stop is located. Please do not accept this proposed planning application. Thank you.

Kind regards
