Dear Peter

I write regarding the above planning application of which I object too.

The 3 storey building will overshadow our's Abinger Lodge next door, blocking out natural light, whilst not keeping with the buildings already in the area, ours being 2 storey. Also these houses would overlook our own with a loss of privacy.

Any planning granted on this site needs to be made aware of restricted access.
The current owner/builder when clearing the site last year took it upon himself to drive a lorry up the access driveway of Abinger Lodge and across our lawn. No request/approval was sort to do this & by his own admission when challenged, he didn't know who to ask & that no one had been around in the week. The adjoining fencing was taken down that the time & until this week has the builder bothered to replace, leaving us to look at a bumping site & regular bonfires.

Swallow Close drive is not big enough to give access to lorries & we do not want our property to become illegal access for the site. The ground is very soft & can not take the weight, nor should we have our land driven across all because someone thinks they can get away with it.

I look forward to hearing from you.

Kind Regards
Julia Standing (Abinger Lodge)
