Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Design
- Overdevelopment
- Privacy Light and Noise

Comments: this area in which I live is a development of bungalows & is a primary reason for living here.This extension turns the property into a house ,the timber cladding is completely out of character with all other bungalows which are concrete/ pebble dash/painted.There will be increased noise from building which is used as a foster home, the noise is enough now at times.The upstairs will cause us to be overlooked much more than now as the dormas are plannedto go across the entire back of the property
