Business Support

15 August 2025

Dear Louise,

I am a member of Guild Care Creating Connections, an older people's service that means a great deal to me. I am writing to support the planning application AWDM/0891/25.

I enjoy coming to Creating Connections because it helps me:

☑ Make new friends
☑ Feel less lonely
☑ Join in activities I enjoy
☑ Learn new skills
☑ Feel part of my community
☑ Keep active and healthy
☑ Have somewhere safe and welcoming to go

What's important to me about Creating Connections:

☑ Having a friendly café to meet people
☑ Enjoying a peaceful garden space
☑ Being in a supportive, caring environment
☐ Taking part in arts and creative activities
☑ Accessible facilities for all abilities
☑ A place that is warm and comfortable in winter
☑ Opportunities to volunteer or help others
☐ Joining in with gentle exercise or keeping fit activities
☑ Having a nice meal and eating together
☑ Enjoying social activities and making new friends

The proposed improvements — such as the new front extension, sensory garden, upgraded meeting spaces, art studio, mobility scooter store, and solar panels — will make the space more accessible, welcoming, and useful for all of us.

Please approve this planning application so that Creating Connections can continue to support and connect older people in our community.

Kind regards,

Name: Daphne Hansford
