Hello,

Helen Swyer [redacted] has sent you an enquiry from the Adur & Worthing Councils website. The page they sent the message from was:

http://www.adur-worthing.gov.uk/planning/applications/comment/

Account / Reference number (if supplied): AWDM/1424/14
Postal address (if supplied):

Their enquiry was:

I have received the letter about replacing Ropetackle lettering with Basepoint lettering. Its not clear enough to me as to whether the application is to change the actual type face or to replace the word Ropetackle. If its a matter of type face then for goodness sake leave things as they are, and stop the ego trip that Basepoint are on. A change is unnecessary and wasteful. If it is removing the word Ropetackle then the response must be no, as Ropetackle is to do with Shoreham, what we all call the area, and Basepoint is meaningless and unacceptable. This has already been debated and the feelings of Shoreham was finally acknowledged.

Thank you.
