Dear Mr Barnett

Further to the recent above application I would like to lodge my objection to the pitching of a roof to the existing garage.

A short while ago I applied for planning permission to create a balcony on a ground floor flat roof. Permission was granted, so at quite a large expense the balcony was constructed offering us sea view glimpses. If the roof to the existing garage is to be pitched these views will be lost.

I have noticed that none of the neighbouring garages appear to have pitched roofs, therefore I feel that if this one were to go ahead it would be out of place.

I also feel that the pitching of the roof would also put a large amount of our garden in the shade.

I await your response to this objection.

Yours sincerely
