Comments.

We would like to bring to your attention the visual impact of the existing outhouses which have been erected recently. We consider their design, appearance and the materials from which they are constructed to be totally out of character & detrimental to the surroundings

We are concerned that any future additions (greenhouse?) maybe similar eyesores.

Is there perhaps a limit of two being allowed hastily prior to National Park status being fully implemented?

Unless you indicate below you will not be allowed to speak at the Committee meeting:-

I wish to speak on the application at the Committee meeting – ~~YES~~ / **NO**
