Subject: Fwd: 58 Rosslyn Road

Anthony,
This is the email which I sent you on 08/04/2010 and it was copied to KEL. After that I called your mobile and left a message for you to call me. You need to get agreement with Planning Officer to discharge the Planning Conditions before you commence work on site. If you are not sure about the Planning Conditions please get further advice from KEL. I have also sent you the superstructure information and I will find the email and forward to you after sending this one.
regards
George
