Sir/Madam;

I strongly object to the development proposal on the following grounds:

1- Loss of visual amenity to residents of Gordon Rd

2- Over-development. The local residential area is already having to endure huge developments in the immediate vicinity.

3- Loss of a ready-made 'green corridor' for wildlife.

4- Increased light-pollution and noise nuisance to residents

5- This development would appear to go against a number of recommendations contained within The Adur Plan

6- The proposal was refused unanimously by the Planning Committee and saw a large number of objections from local people.

7- The development will not benefit the local economy in any way.

8- There are already a number of storage facilities nearby.

Please listen to local people and their Council representatives and M.P. and deny Allbox of this unnecessary/unwanted development which is of benefit to no-one but that company.

Yours faithfully

Philip Hill

110 Gordon Rd Shoreham by Sea. BN43 6JW
