Business Support

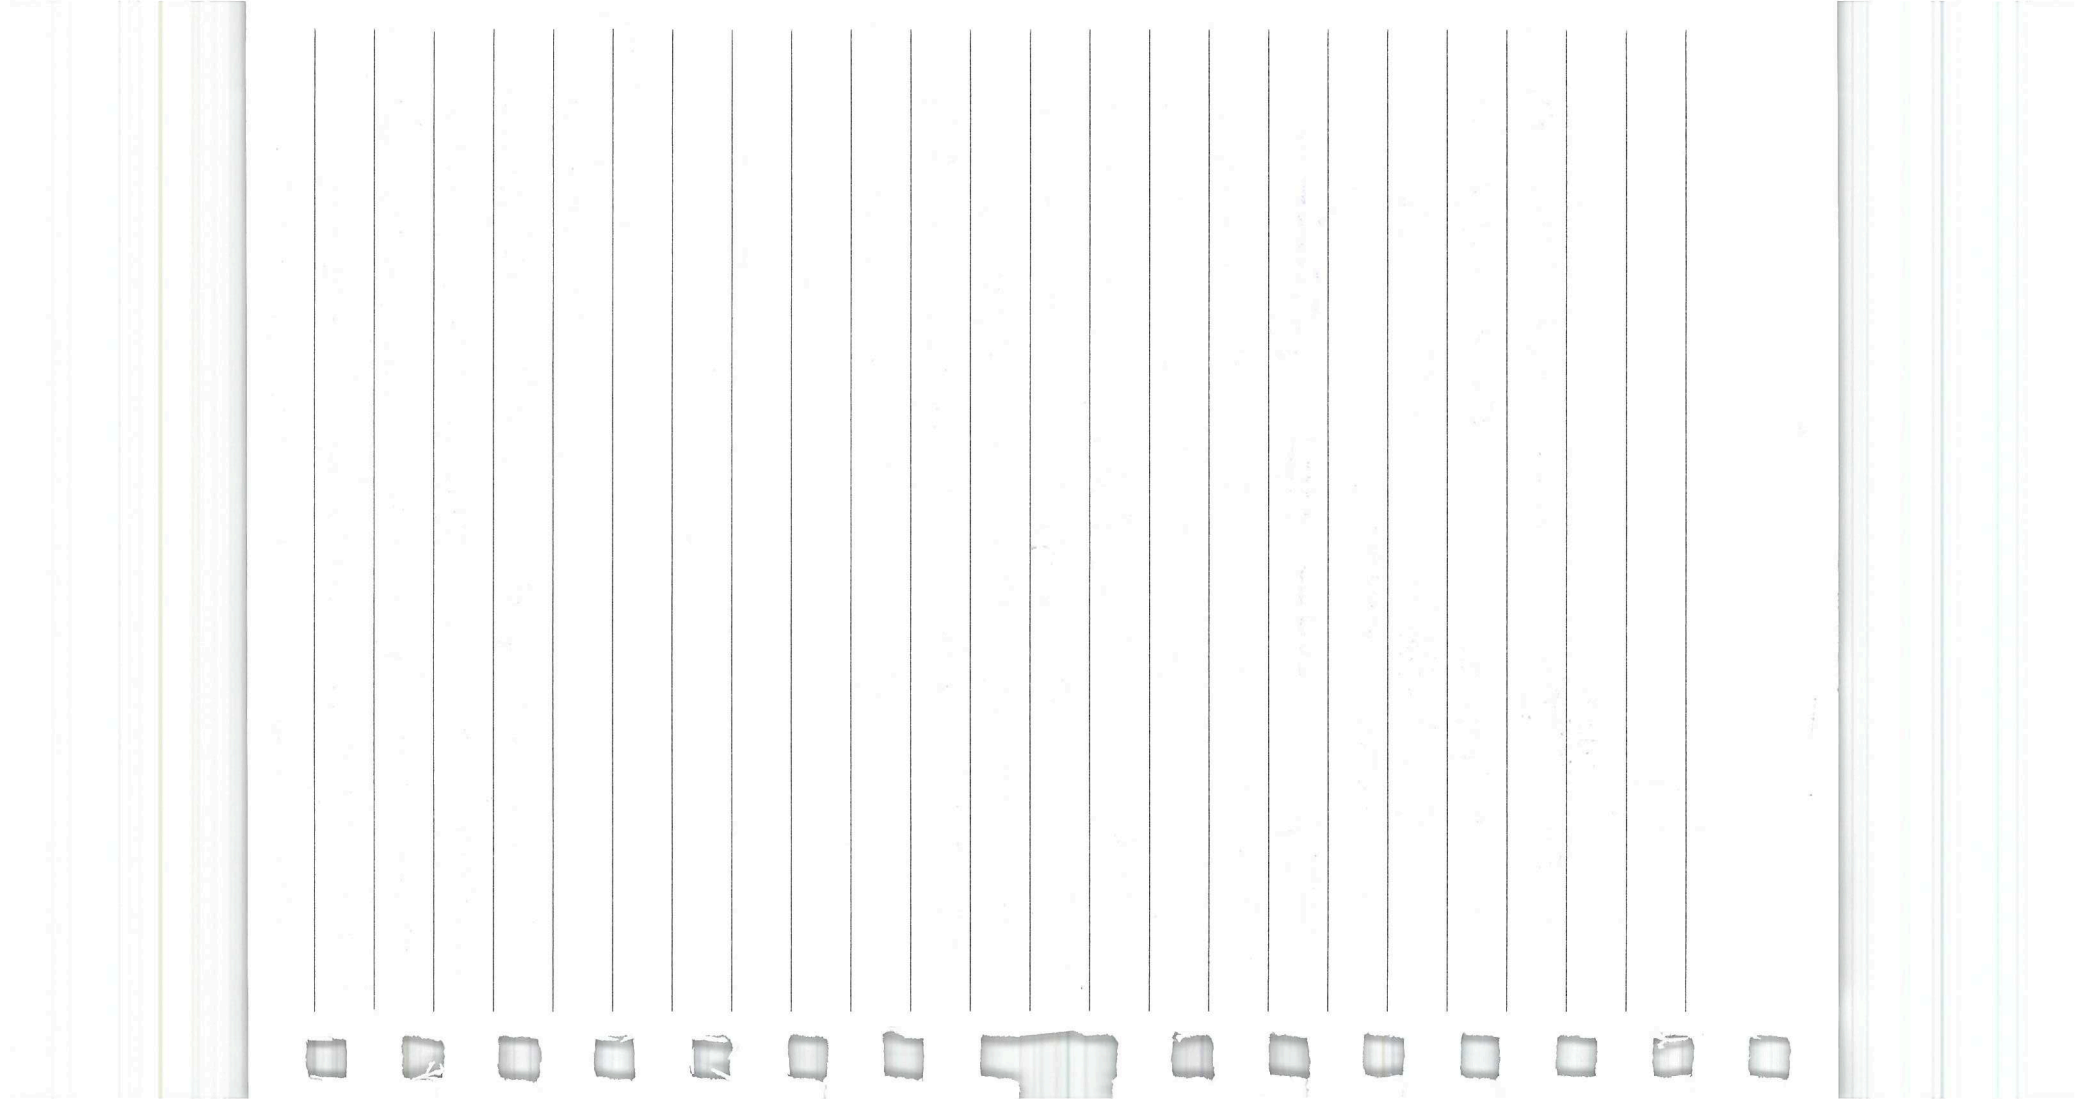

Dear Sir / Madam

I am the owner of 52 Hillrise Avenue.

I was in hospital when ~~my application for~~ approval for clean glass in eaves was approved for No 54 Hillrise Avenue (we have a driveway)

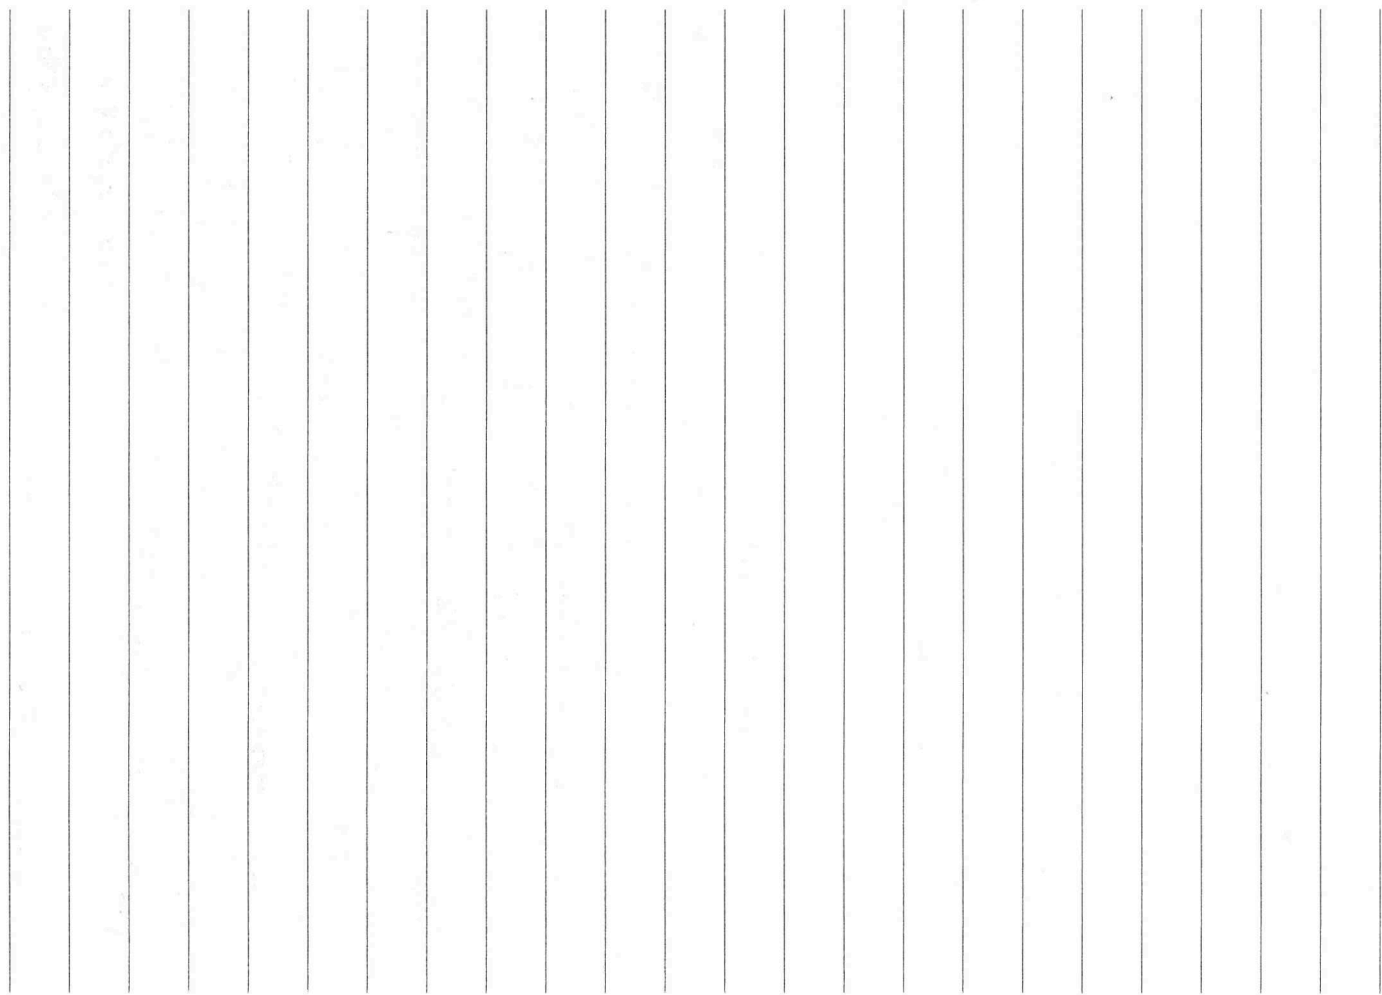

I agreed previously as it was supposed to be opac glass so my privacy would not be invaded - our front doors are almost opposite. My privacy - my family - Carers - friends all feel totally overlooked when arriving at my front door as the eaves has clean NOT opac glass

=

pg 2

Also my back garden and garage has been left in a dreadful state of broken debris - I can no longer use my garden safely as of the huge drop due to Mr. Marcus Steele digging out 17 mths ago and just leaving it all now - my neighbour other side joined to him hasn't be able to use her garden as hers is higher garden and a bigger drop I vehemently disapprove of a Balcony and swimming pool with a glass roof - due to my complete lack of privacy from my front door (Ring doorbell facing my door also) Mr. Steele's lounge being upstairs and overlooking

(pg 3)

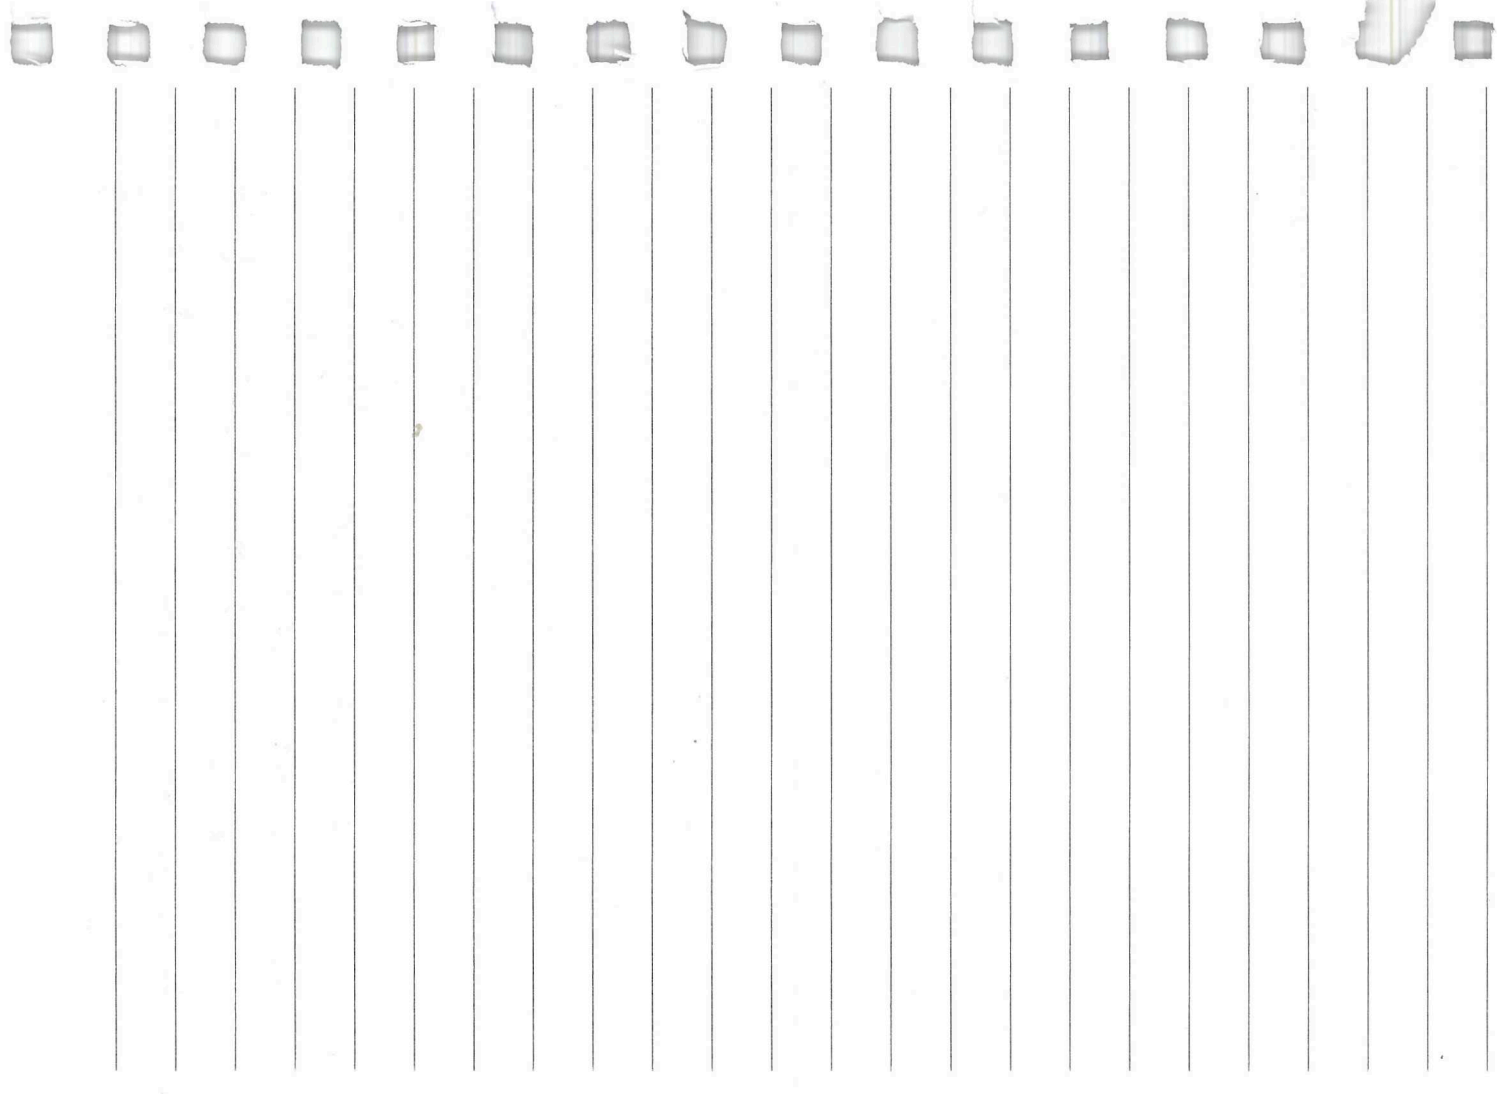

~~my~~ my own and neighbours gardens.

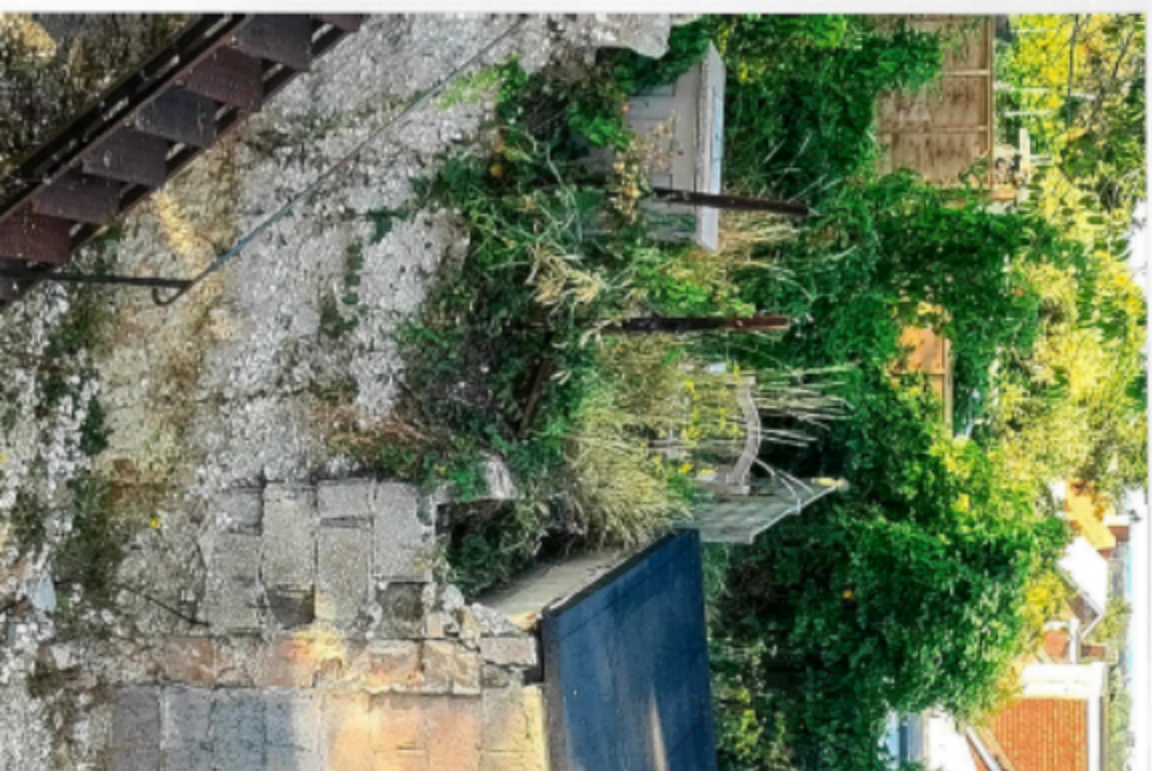

I am a 87yr Old - I lived at 52 Hülhise Ave with my beloved Husband Chris - I wish to live my last years out peacefully - privately in my own home without this huge "glass goldfish Bowl" watching my every move.

The whole build is completely out of character for a small semi detached with a shared driveway. ~~is~~ Better suited to a second home detached + with land.

Yours Sincerely + unhappily

[REDACTED]

No safety Barriers  
erected - ever

My Back Garden

+ damage to Garage

When Mr. Steele  
got rid of adjoining  
garage
