Hi Neil,

Thank you for your note. I have
looked at the latest drawings. I

Jamie

Apologies to write without proper introduction.

I am assisting Stephen Cantwell with this discharge of condition application regarding EV infrastructure.

In your consultation response dated 13 June you raised the question whether the development was being built under the old or new building control regulations.

I have just spoken to the applicant on the phone who has confirmed that it
is the regs that existed pre June 15 2022.

There is a plan on our public access website that they subsequently submitted showing what wires are going to the existing and future EV charging points.

Is this sufficient to approve the condition from the highway authorities
point of view?

I look forward to hopefully hearing from you soon.

Kind Regards

Neil Holdsworth
