Hi Peter,

Thank you for sending this through. I appreciate that the CMP now acknowledges the narrow access and that smaller delivery vehicles will be prioritised if access is required. I am now satisfied with the details contained within the CMP, and that Condition 3 can be discharged.

Kind regards

Peter

Sorry I missed the first point, as you can appreciate it is difficult to measure the number of operatives on site as this will change depending on the stage of the build, anyway I have updated the CMP which I trust is now acceptable.

Thanks  
Matt

Thank you for the email, I have provided the same amount of information that I have provided for many applications so can I have some clarity on what you/ they want to see regarding condition 3, i.e what temporary surface water drainage arrangements would you expect to see?

Thanks

Matt
