Subject: AWDM/0954/25. CHANGE OF USE FROM GUEST HOUSE (CLASS C1) TO LARGE HOUSE IN MULTIPLE OCCUPATION (SUI GENERIS)

Hello Jo,

This application was passed for my attention. I have reviewed the details and consider no additional requirements are necessary regarding potential noise and vibration affecting or generated by the proposed development.

I have tried to upload my comments to the planning system, however I'm instructed the server is down to consultee comments, so thought I'd mail you instead.

Regards
Mike Keech.
