Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	Having looked at the proposal and drawings for this application my wife and I have some concerns. We are objecting to the proposal of having rear facing dormers which will overlook our rear garden and also into our lounge and dining room. We have French doors and windows to these areas allowing lots of natural light flooding in and feel our Privacy whilst using these areas (which we do on a daily basis)will be severely impacted.

We would like to add that we have no issues with the proposed single storey extension.

Kind regards
