Comments:	As Chairperson of Lancing Community Garden, I support this application. Having worked with the leader of this project for the last couple of years in relation to community gardens, I have been greatly impressed by the dedication of the applicants to making a genuine and significant contribution to the Lancing community. Our intention is, over time, to build a local network of community gardens and similar and to mutually support one another to the benefit of Lancing residents,

particularly those in greatest financial need. It would be a big step forward if permission were to be granted.
