I am emailing to object to the above planning application for a bar and other amenities on Goring Gap.

Goring gap is one of the few green gaps along the south coast in Sussex and adding a bar, sandpit, seating, porta loos and other amenities will ruin the environment in the area, disturbing wildlife including birds, plants, insects and ground creatures. In addition, having a bar serving alcohol on a stretch of land that is quiet and by an unlit road is dangerous.

There are already cafes that serve the same purpose very nearby at Sea lane goring and the bluebird Ferring, an additional bar/cafe is not needed.

Please add my objection to your records
