Dear Sir

I am writing to object to the proposed extension to 20 Windlesham Road. The addition of a first floor to the bungalow will have an adverse effect on my property. The close proximity of the east elevation will result in a dramatic loss of light. The bedroom/study window which at present has an outlook onto the pitch roof of the bungalow will with the addition of a first floor have a vertical wall within 2 metres. As this is the only window in the bedroom/study it will be unbearably dark.

I would also like to draw your attention to the drawings 2017/033-4 and 2017/033-05 titled existing floor and roof plans and existing elevations and section which are inaccurate. These do not show the bungalow in its present state.

Regards

[redacted]

Val Amor
