Dear Mr Peter Barnett

Ref: AWDM/0644/15

We have viewed the planning application for the property named above.
We have the following questions regarding the proposed project.

1. The plan shows a balcony on the first floor facing south. Their property is on the north side of Ring Road.
When anyone stands or sits on this balcony they will be directly facing our kitchen/diner window.
We occupy this area frequently day and night as this is were we eat.
Our properties are on a hill so you can see directly into this window.
There are no other properties on the north side of Ring Road which has a balcony which faces the road.
This will set a precedent.

2 Are the three trees in the front garden staying?
This does give some privacy.

3 Will the drive be made wider?
We already have parking problems in this road.
Are there any plans for a disabled parking space on the road?

4 We have seen the plans for inside the property.
The fact it shows two kitchens makes us believe this will have more people living in the property.
More people more cars.

5 There is a caravan on the site were will this go?

Yours sincerely

Mr & Mrs Jupp
