Dear Marie O'Keeffe

We are responding to the planning application made by 81 Hammy Way.

The occupants of 45 Hammy Way wish to make our comments to you and our concerns for the extension to their property.

We feel that the extension will change the look of Hammy Way. This is an area of bungalows and 81's development will change that aspect.

We feel the extension is to high and the design and character of the development will look out of place. This is an area of bungalows and their high extension will change the aspect from many directions including our front aspect with the added roof height and extensions.

We are also concerned about the increased traffic during the development and after plus the parking. Cars already being parked on the pavement because of the build up of vehicles. This is a concern especially the environment aspect and one's surroundings.

I hope you take our comments into consideration.

Yours sincerely
Mrs SK Brown
Ms N Brown
45 Hammy Way.
