Dear Mr Peck,

I just wanted to add my support for the proposed café as part of the Hill Barn development. It feels like a really positive step towards making the club more sustainable and continuing to invest back into the community.

From what I've seen, having a café can make a big difference, not just financially, but in creating a welcoming space for families, players, and local residents to come together. My daughter currently works in the kiosk supporting the weekend matches, so I've seen first-hand how valuable that kind of offering is for both the club and the people who use it.

It would be a real shame to miss this opportunity. I fully support the proposal and hope it can go ahead for the benefit of the club and the wider community.

Best wishes,

Mrs Annalise Woodbridge.
