Hi Gary.

I have a boy who plays for Worthing United who use Hillbarn, Worthing as a base. I understand there has been some objections to include a cafe in the clubhouse at Hillbarn. This cafe I understand will help develop the club and bring much needed money in which will in turn help develop the club and the children within the local community that it benefits. My little boy is football mad and is at his happiest when playing. I cannot think of many better causes and therefore wish to officially lodge my support for this cause!

Kind regards

Matt
