Dear Gary Peck

Thank you for you letter regarding 28 Valley Road Sompting.

We are extremely concerned about the rear dormers that would cast a large permanent shadow across our garden denying us access to sunlight.

Our biggest issue is privacy this would give a view of the whole of our garden including being able to see through our conservatory windows and bedroom windows. We are not comfortable about this at all.

This would give them a full uninterrupted view of not only our entire garden but 4 of my neighbours gardens as well . I spoke with the people at No 7 and they are not happy with their garden being on full view either.

Please could you keep us informed as the situation moves forward as this is very worrying for us.

Regards

Mr and Mrs Avery
