Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application

Reasons for comment:	- Other
Comments:	This micropub is an asset to the community which has been responsibly owned and run since it opened. It is a locally owned independent business supporting local and national brewers who in turn are small businesses. This application is just to extend opening hours and to allow for outside seating which is similar to that of other food and drink establishments in the same shopping parade. I support this application

Kind regards
