Description of Proposed Works

Please describe the proposed works

I wish to apply for Retrospective householder application for a flue already installed on a non-permanent outbuilding within the rear garden. The flue measures 80 cm in height. It is a steal and black twin wall flue. Due to its position and dimensions, it does not result in any significant visual impact, loss of light, or harm to neighbours. It is excess of 2.4metres away from any buildings or nearby roofs. It is also in the rear garden and not facing any public highways or footpaths.

To ensure we where following the safe installation of the flue we were in consultation with a Hetas engineer who then came and assessed the flue once it had been completed and confirmed it had been installed correctly. We had been informed that all clearances had been adhered to .

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.
