

Design and Access Statement – 8 Field Row, Worthing BN11 1TD

The subject building is Grade II listed and this is therefore an application for listed building consent.

The proposed development is regarding the installation by SGN of a gas meter box on the front external wall of the building.

A front elevation plan, a photograph of the existing supply pipe showing the proposed location of the gas meter box and a photograph showing the type/dimensions of the box are attached to the application.
