Dear Sir/Madam,

Beach west of No.2 Brighton Road, Lancing: Expiry of temporary planning permission for car park (ADC/0124/09)

I refer to the above temporary planning permission which will expire on 31 May 2010.

As you will recall, the permission was only granted as a temporary arrangement pending the carrying out of building work on the Drumconner site. This work now appears to have been completed resulting in the original car park on the property being available again.

I should be grateful if you would let me know when you intend to reinstate the land west of No.2 Brighton Road back to shingle beach, and remove the dropped kerb access by raising the highway kerb/footway (as required by condition 01 of the planning permission ADC/0124/09).

Yours faithfully,

Keith Morgan
