SHOWTEC | SOUND LIGHTING DESIGN BUILD

SURFACE WATER RUN OFF FOR

80 OLD SHOREHAM ROAD

APPLICATION NUMBER AWDM/1508/17

It has been advised that no extra measures are needed for surface water run off as we have not increased the surface area. The roof of the store at the rear will run into a large existing gully in the centre of the rear yard.

The roof of the first floor extension will run into the existing gutters.
