SCHEDULE

Conditions

01. The works to the Monkey Puzzle Tree, T19 under Tree Preservation Order 13.53/4/94(SU) hereby permitted shall be restricted to the following maximum, only, unless otherwise agreed in writing with the Local Planning Authority, and carried out in accordance with the British Standard BS 3998 (2010) Recommendations for Tree Works: -

(i) Reduce limbs overhanging roof of 9 Mill Lane, Shoreham-by-Sea.
(ii) Remove 3 dead limbs.
(iii) Remove 1 low hanging limb to north east side.

Reason: *To protect the special amenity value of the tree.*

02. The approved tree works, to which condition 1 of this consent relates, shall be carried out within a period of ONE YEAR from the date of this consent.

Reason: *To save disfigurement of the trees, in the interests of visual amenity.*

Informatives / Notes to Applicant

01. 1. The applicant is strongly advised to ensure that the contractor carrying out the work is made aware of the above conditions. Should the works carried out exceed that which is permitted then it may be open to the Local Planning Authority to take prosecution action against the owner of the tree(s) and the contractor. If the applicant is unclear about any aspect of the specification for works, they are strongly advised to contact the Council's Arboricultural Officer prior to the commencement of the works.

02. 2. The applicant's attention is drawn to the provisions of both the Wildlife and Countryside Act 1981 and the Countryside and Rights of Way Act 2000.
The applicant should note that under Part 1 of the Wildlife and Countryside Act 1981, with only a few exceptions, it is an offence for any person to intentionally take, damage or destroy the nest of any wild birds while the nest is in use or being built. Birds nest between March and September and therefore removal of dense bushes, ivy or trees or parts of tree etc during this period could lead to an offence under the act.
Under the 2000 Act, it is an offence both to intentionally or recklessly destroy a bat roost, regardless of whether the bat is in roost at the time of inspection. All trees should therefore be thoroughly checked for the existence of bat roosts prior to any works taking place. If in doubt, the applicant is advised to contact the Bat Conservation Trust at 15 Cloisters House, 8 Battersea Park Road, London, SW8 4BG. Their telephone number is 020 7627 2629.
