December 6, 2021

Dear Mr Peck
Ref AWDM2145/21
6A Fairview Road, Lancing

Re the above I would hope that three questions at least might receive attention:

1 Has there been any significant change since the TPO was imposed about ten years go, and if not what is the reason for this request?

2 Is this the thin end of the wedge (or indeed a precedent) and are we to expect other similar requests from this property'

3 In a year when we are all being asked to plant a tree to celebrate the Queen's Ter-Jubilee Celebrations, not to mention climatology, it seems odd to be asked to change a TPO to remove one, so if there are adequate reasons for so doing could we have an assurance that another tree (or possibly two) will be planted in its place.

Yours faithfully

[redacted]

Alec Gilmore
