Comments

Submission Type:
Customer does not object to the Planning Application.

Comments:
We fully support the application. The Tree during the summer is so large that we suffer from loss of light. During high winds branches, both small and large break off the Tree and fall in our Garden. If one of the larger branches hit someone as it fell, there would be serious injury. Furthermore the roots of the Tree as it continues to grow are a potential threat to the Drains in the vicinity which still have to be adopted by the Water Authority. We would totally support the total removal of the Tree as have trees in Downsway and Southdown Road both which were subject of Tree

Preservation Orders been removed in recent years. The tree is of no value/benefit in any way/manner to the locality, it is just a liability to the Applicant and neighboring properties. The locality would be far better off with the total removal of the Tree. Therr can be no realistic justification for the Tree to remain.
Malcolm Witherden/Christina Gibney
