Comments

Submission Type:
Customer wishes to comment on the Planning Application.

Comments:
I will shortly be moving into a house on Albion Street, and am very concerned about the effect this proposal will have on the lives of residents in the area.

Many people live along here; many cyclists use this road after coming over the locks from Brighton and Hove before rejoining the cycle route towards Worthing; the 700 bus which ha a daily 10 minuteservice has two stops along here.

This proposal does not fit with the overall harbour regeneration scheme which is about opening up the vista along that stretch making a moire attractive link between Kingston Green: the harbour entrance, light house, new life boat station, rowing club and Taramount art studio.

Finally I am concerned that the noise, vibration and dust particulates that will be sited just down the road particularly since the prevailing westerly winds will blow along to residents living on Brighton road.
