PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990
TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (AMENDMENT) (ENGLAND) ORDER 2015

APPLICATION NUMBER: AWDM/1433/24

Details of Development
PROPOSED 1NO. DETACHED CHALET BUNGALOW WITH REAR DORMER, PARKING AND ASSOCIATED WORKS. (REVISED PROPOSAL).

Location of Development
LAND BETWEEN 8 AND 9 HOLMBUSH CLOSE SHOREHAM-BY-SEA WEST SUSSEX

In pursuance of their powers under the above-mentioned Act and Order the Council hereby notify you that they PERMIT the above development, in accordance with the application and relevant correspondence registered on 14th November 2024.

This is for reasons stated on the schedule overleaf and subject to compliance with the conditions specified thereon.

G Peck

Gary Peck
Planning Services Manager
04/04/2025

SCHEDULE

Conditions

01. The development hereby permitted shall be carried out in accordance with the following approved plans unless specified otherwise in a subsequent condition imposed on this decision notice.

Reference/Drawing Number	Version	Date Rec
PROPOSED PLANS & ELEVATIONS	PROP 1 Rev E	24.03.2025
PROPOSED ROOF PLAN	PROP 2 REV B	12.02.2025
TYPICAL SECTION	PROP 3 REV A	12.02.2025
PROPOSED SITE PLAN	SITE 1 REV D	12.02.2025
BNG GAIN PLAN AND METRIC		10.01.2025
SITE LOCATION PLAN	PLAN 2 Rev C	08.01.2025

Reason: *For the avoidance of doubt and in the interests of proper planning.*

02. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: *To comply with Section 91 of the Town and Country Planning Act 1990.*

03. Construction shall not begin until a detailed surface water drainage scheme for the site has been submitted to and approved in writing by the Local Planning Authority. The surface water drainage scheme must prioritise the use of source control Sustainable Drainage Systems (SuDS) in consideration of the Non-Statutory Technical Standards for SuDS and demonstrate no increase in flood risk as a result of the Proposed Development with sufficient supporting evidence provided to support its viability including supporting calculations for the 100% AEP (1 in 1 year), 3.33% AEP (1 in 30 year), 3.33% AEP (1 in 30 year) plus climate change, the 1% AEP (1 in 100 year) and the 1% AEP (1 in 100) plus climate change critical storms. The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations, and the recommendations of the SuDS Manual produced by CIRIA. Winter groundwater monitoring and winter infiltration testing to BRE DG365, or similar approved, will be required to support the design of any infiltration drainage. The scheme shall subsequently be implemented in accordance with the approved details before the development is completed.

Reason: *To ensure the flood risk is adequately addressed and not increased in accordance with policy 36 of the Adur Local Plan and the National Planning Policy Framework.*

04. The development hereby approved shall not be occupied until details of the maintenance and management of the sustainable drainage scheme have been submitted to and approved in writing by the Local Planning Authority. The drainage scheme shall be implemented prior to the first occupation of the development hereby approved and thereafter managed and maintained in accordance with the approved details in perpetuity. The Local Planning Authority shall be granted access to inspect the sustainable drainage scheme for the lifetime of the development. The details of the scheme to be submitted for approval shall include:

I. a timetable for its implementation.
II. details of SuDS feature and connecting drainage structures and maintenance requirement for each aspect including a drawing showing where they are located.
III. a management and maintenance plan for the lifetime of the development which shall include details of design life and the arrangements for adoption by any public body or statutory undertaker, or any other arrangements to secure the operation of the sustainable drainage scheme throughout its lifetime. This will include the name and contact details of any appointed management company.

Reason: *To ensure that the development achieves a high standard of sustainability and ensure the flood risk is adequately addressed for each new dwelling and not increased in accordance with policy 36 of the Adur Local Plan and the National Planning Policy Framework.*

05. The development hereby permitted shall not be commenced until details of the proposed foul drainage and means of disposal have been submitted to and approved by the Local Planning Authority in consultation with Southern Water, and the building shall not be occupied until all drainage works have been carried out in accordance with such details as approved by the Local Planning Authority.

Reason: *To ensure adequate drainage and to comply with the National Planning Policy Framework and policy 36 of the Adur Local Plan.*

06. No part of the development shall be first occupied until the car parking spaces have been constructed in accordance with plans and details to be submitted to and approved in writing by the Local Planning Authority. These spaces shall thereafter be retained at all times for their designated purpose.

Reason: *To ensure adequate parking is provided to the development and thereafter maintained having regard to policy 15 of the Adur Local Plan and the National Planning Policy Framework.*

Cont…/

07. No part of the development shall be first occupied until covered and secure cycle parking spaces have been provided in accordance with plans and details to be submitted to and approved by the Local Planning Authority.

Reason: *To provide alternative travel options to the use of the car having regard to policies 15 and 28 of the Adur Local Plan.*

08. Prior to any development details of any external lighting (both during and after the construction period) must be submitted to the local planning authority for approval. Only such details as approved shall be erected and it shall be removed when no longer required.

Reason: *To limit light pollution and disturbance to wildlife having regard to policy 31 of the Adur Local Plan, paragraph 182 of the National Planning Policy Framework and Section 245 of the Levelling-up and Regeneration Act 2023.*

09. No works or development shall take place until full details of all hard and soft landscaping works and the proposed times of planting have been approved in writing by the Local Planning Authority and all soft landscape works shall be carried out in accordance with those details and at those times. Any plants which within a period of five years from the time of planting die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species unless the Local Planning Authority gives written consent to any variation.

Reason: *In the interests of visual amenity and the environment and to comply with policies 15 and 30 of the Adur Local Plan.*

10. No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority plans and details of the positions, design, materials and types of boundary treatment to be erected. The boundary treatment shall be completed in accordance with the approved details before the building is occupied. Thereafter the approved boundary treatment shall be retained permanently.

Reason: *In the interests of amenity and to comply with 15 of the Adur Local Plan.*

11. No development shall be carried out unless and until a schedule of materials and finishes to be used for the external walls (including windows and doors) and roof of the proposed building has been submitted to and approved in writing by the Local Planning Authority and the development shall be completed in accordance with the approved schedule.

Reason: *In the interests of visual amenity and to comply with policy 15 of the Adur Local Plan.*

Cont…/

12. Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 2015 (or any order revoking and re-enacting that Order with or without modification), the proposed dwelling shall not be extended or altered by means of any development as set out within Classes A, AA, B, C, D and E of Part 1 of the Schedule to that Order.

    Reason: *In the interests of amenity and the environment having regard to the nature of the site and policy 15 of the Adur Local Plan and Development Management Standard No. 1 Space Around New Dwellings and Flats.*

13. Development shall not commence unless and until a Bio Diversity Net Gain Plan has been submitted to and approved in writing by the Local Planning Authority.

    Reason: *To ensure a minimum 10% gain is achieved having regard to policies 30 and 31 of the Adur Local Plan, paragraph 192 of the National Planning Policy Framework and paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990.*

14. Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any Order revoking and re-enacting that Order with or without modification) no gate, fence, wall or other means of enclosure shall be erected or constructed within the curtilage of the new dwellinghouse between the front elevation of the dwellinghouse and the site boundary with the public highway.

    Reason: *To protect the general character of the Close having regard to policy 15 of the Adur Local Plan.*

15. No work for the implementation of the development hereby permitted shall be undertaken on the site on Sundays or on Public Holidays. On all other days such work shall only be undertaken between the hours of 8am and 6pm.

    Reason: *To safeguard the amenities of the occupiers of neighbouring properties having regard to policies 15 and 34 of the Adur Local Plan.*

16. No development shall commence unless and until a construction management plan (including storage of construction materials /equipment/parking/disposal of waste and surplus materials/control of dust) has been submitted to and agreed by the Local Planning Authority. The construction shall not be carried out other than in full accordance with any such approval.

    Reason: *In the interests of highway safety and to minimise harm to residential amenity having regard to policies 28 and 34 of the Adur Local Plan and the National Planning Policy Framework.*

Informatives / Notes to Applicant

01. The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

02. BIODIVERSITY NET GAIN

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition "(the biodiversity gain condition") that development may not begin unless:

(a) a Biodiversity Gain Plan has been submitted to the planning authority; and
(b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission is Adur District Council.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are listed below.

Based on the information available this permission is considered to be one which will require the approval of a biodiversity gain plan before development is begun because none of the statutory exemptions or transitional arrangements listed below are considered to apply.

STATUTORY EXEMPTIONS AND TRANSITIONAL ARRANGEMENTS IN RESPECT OF THE BIODIVERSITY GAIN CONDITION

1. The application for planning permission was made before 12 February 2024.

2. The planning permission relates to development to which section 73A of the Town and Country Planning Act 1990 (planning permission for development already carried out) applies.

3. The planning permission was granted on an application made under section 73 of the Town and Country Planning Act 1990 and:

(i) the original planning permission to which the section 73 planning permission relates was granted before 12 February 2024; or
(ii) the application for the original planning permission to which the section 73 planning permission relates was made before 12 February 2024.

4. The permission which has been granted is for development which is exempt being:

4.1 Development which is not 'major development' (within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015) where:

i) the application for planning permission was made before 2 April 2024;
ii) planning permission is granted which has effect before 2 April 2024; or
iii) planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 where the original permission to which the section 73 permission relates* was exempt by virtue of (i) or (ii).

4.2 Development below the de minimis threshold, meaning development which:

i) does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and
ii) impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (as defined in the statutory metric).

4.3 Development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015. A "householder application" means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

4.4 Development of a biodiversity gain site, meaning development which is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the Biodiversity Gain Planning condition which applies in relation to another development, (no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee).

4.5 Self and Custom Build Development, meaning development which:

i) consists of no more than 9 dwellings;
ii) is carried out on a site which has an area no larger than 0.5 hectares; and
iii) consists exclusively of dwellings which are self-build or custom housebuilding (as defined in section 1(A1) of the Self-build and Custom Housebuilding Act 2015).

4.6 Development forming part of, or ancillary to, the high speed railway transport network (High Speed 2) comprising connections between all or any of the places or parts of the transport network specified in section 1(2) of the High Speed Rail (Preparation) Act 2013.

03. A formal application for connection to the public sewerage system is required in order to service this development. The applicant is advised to contact Southern Water Developer Services, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel 0330 303 0119) or www.southernwater.co.uk or email developerservices@southernwater.co.uk

04. Given the site's position adjacent to the South Downs National Park the proposed soft landscaping scheme (condition 9) should consist of native and locally characteristic species in order to offer meaningful benefits to wildlife and positively contribute to landscape character. It should avoid planting which is overly ornamental and may not have significant ecological or landscape benefits.

05. The South Downs National Park Authority encourages any new development in or adjacent to the park to have a sensitive approach to lighting which conforms to the Institute of Lighting Professionals for lighting in environmental zones guidance, and tries to achieve zero upwards light spill in all respects. The use of timed black out blinds and/or low transmission glazing should be considered.

Further information/advice on sensitive lighting can be found in the SDNPA's Dark Skies Technical Advice Note which is available via the following link:

https://www.southdowns.gov.uk/wp-content/uploads/2021/06/DNS-TAN-2021-Main-Document-External-Lighting.pdf

06. The applicant is advised that in addition to obtaining planning permission they must also obtain formal approval from the highway authority to carry out the site access works on the public highway. The granting of planning permission does not guarantee that a vehicle crossover licence shall be granted. Additional information about the licence application process can be found at the following web page:

https://www.westsussex.gov.uk/roads-and-travel/highway-licences/dropped-kerbs-or-crossovers-for-driveways-licence/

Online applications can be made at the link below, alternatively please call 01243 642105.

TOWN AND COUNTRY PLANNING ACT 1990
TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (AMENDMENT) (ENGLAND) ORDER 2015

YOUR ATTENTION IS DIRECTED TO THE FOLLOWING NOTES FROM THE ABOVE ORDER. THEY ARE FOR INFORMATION ONLY AND DO NOT PRETEND TO SET OUT THE WHOLE OF THE LAW ON THE SUBJECT. IT WOULD BE WELL FOR YOU TO CONSULT YOUR SOLICITOR IF YOU ARE IN ANY DOUBT

Appeals to the Secretary of State

1. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

2. If the decision relates to a householder application or minor commercial application, and you want to appeal, then you must do so within 12 weeks of the date of this notice. If the decision relates to express consent for the display of an advertisement, then you must do so within 8 weeks of the date of this notice. If the decision relates to a non-householder application, an appeal must be lodged within 6 months of the date of the decision notice. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://www.gov.uk/appeal-planning-decision.

3. The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances, which excuse the delay in giving notice of appeal.

4. The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

5. In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

Purchase Notices

6. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the District Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Planning Act 1990.

7. Where this notice conveys approval or permission, conditional or unconditional, please note that the decision given does not purport to convey any consent or approval which may be required under the Building Act and Building Regulations, or any other legislation.

Reduced time for making a planning appeal where enforcement action is being taken

Where an enforcement notice has been served in relation to the same, or substantially the same, development as in the planning application no earlier than 2 years before the date the application was made, the period for receiving a planning appeal is within 28 days of the date on the planning application decision notice or of the date by which the LPA should have decided the application.

However, the LPA may formally decline to determine a retrospective planning application for permission for any development contained within a pre-existing enforcement notice served on or after 6 April 2012, where that notice was issued before the application was received by the LPA (see above). There is no right to make a planning appeal in such circumstances.

Where an enforcement notice was served in relation to the same, or substantially the same, development after the decision notice on the application was issued or after the end of the period the LPA had to determine the application, the period for receiving a planning appeal is within 28 days of the date the enforcement notice was served (unless this would extend the period beyond the normal 12 weeks or 6 months deadline).
