Design and Access Statement

24 Normandy Court, West Parade, Worthing BN11 3QY for Mr B L Lish

Proposed raising of balustrade to balcony and retractable sunblind to west bedroom

Mr Lish wishes to bring his balcony up to current Health and Safety standards by raising the existing concrete balcony balustrading by some 270mm. The new balustrading will be in stainless steel with a Perspex backing so as not to be obtrusive.

He was originally told by others that it would only require a building regulations application but we have been told otherwise, hence this application.

Whilst we are applying for the balustrading, Mr Lish would also like to fit a retractable sunblind to the west bedroom.
