Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Highway Access and Parking
- Privacy Light and Noise

Comments: Sword Street is situated next to a children's playground. Already cars and construction vehicles are travelling faster than they should be. When designing where the playground should go I would have thought consideration to future development would have been taken into account for the safety of the children.

Sword Street is not constructed for heavy traffic, tractors and lorries due to its width and also has a blind bend. Therefore if this project goes ahead, there will be great concern for the reasons highlighted above.
