Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:	- Other - Trees and Landscaping
Comments:	Apart from a pencil sketch not relating to any particular area, no map to show exactly where it is located. No update on the high-rise apartments being built by Bellway, or, should I say, not being built at present. So how are we, as neighbours, once again not knowing what is going on with this site? No control, loud warning speakers blaring out at all hours of the evening and night. We were conned into thinking that the McCarthy Stone Care Home was to be originally two-storey, then passed for a four-storey, closer to our properties than the drawings show. We have lost our light, and more so as the building reaches its fourth floor, with Bellway apartments still to be constructed. No trees now or for the next 25 years to reach full height and give us that are overlooked our privacy but will be in the dark ages. This is a violation of our rights to privacy and light.
