Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I wish to object specifically to the application to build a first floor balcony as part of this extension, as this will effectively overlook all of our gardens reducing our privacy using our gardens on Roman Crescent and especially create a noise nuisance if the balcony is used for social events as it will be high up and noise will project then a lot more. Whereas current use of their garden at ground floor level only affords some privacy and a reduction in noise carrying over due to the 6' fencing

Kind regards
