Subject: Planning objection comment AWDM/1459/23 changes
To: planning@adur-worthing.gov.uk <planning@adur-worthing.gov.uk>

Dear Sir/Madam,

Please forward this on to all the relevant people and log my comment / objection on the planning portal. Unfortunately the planning portal would not let me attach a comment please can you check this issue as many neighbours have also expressed concerns. So please add this to the objection comment and can you email me to confirm that this has been recorded and received.

I am writing to object about the proposed changes to the Berkeley homes plan changes. Having initially expressed our concern about a lack of light by a building towering in front of our house and noise concerns (given that most homes including ours still have single pane windows) I am very concerned about the changes to block E. The flipping to mirror will mean that the windows will directly look into our bedrooms (we are number 82 park road cottage). I am very concerned about our privacy. My 8 year old daughters bedroom is directly opposite and she often doesn't think about using her blind as we are not looked over. From a safeguarding point and for our own privacy we do not want windows looking into our home or garden but especially our daughter's bedroom. Can you ensure that all windows are permanently frosted and can't look into our living areas, bedrooms or back garden or can this be stopped completely. As a local teacher we bought this house for its privacy and now face apartments looking into our most private parts of our home. I have attached an image to show our home on the plans (circled). Current plans show the windows to left of the building opposite us but developers at the consultation said that the flip would move them to the right and opposite our bedrooms.

Please add our comments and objection in regard to noise, privacy, safeguarding and light to the planning portal under both references AWDM/1459/21 and AWDM/1446/23 in regard to the land at the former Gas works.

Kind regards,
Mr Kaol Rasarathnam
Owner of 82 park road cottage
