FAO: Peter Barnett

Dear Peter,

Having reviewed the details for planning application No. AWDM/1461/25 for the approval of the fire hydrant condition raised, providing the fire hydrants indicated on the plan submitted is in place, ready for use and West Sussex Fire & Rescue Service (WSFRS) are informed it is ready for use, prior to any occupation of any dwelling the condition raised will be met. Unfortunately, on too many occasions WSFRS are not informed fire hydrants are in place and ready for use prior to occupation of the new dwellings, which then increases the risk to life and property in the event of a fire occurring.

Regards

Ian
