The roof extension proposed looks like it could be permitted development. This assumes this property is a single dwellinghouse and that the original roof has not been extended at all previously.

The extension is less than 40 cubic metres in volume and does not exceed the height of the highest part of the original roof or extend beyond the pane of the outside wall. It does not front a road.

It is open to you to apply for a Lawful Development Certificate for formal confirmation that the roof works are permitted development.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
