Reasons for comment:	<ul style="list-style-type: none"><li>- Overdevelopment</li><li>- Privacy Light and Noise</li><li>- Trees and Landscaping</li></ul>
Comments:	<p>I wish to raise an objection to the current proposal to build additional bedrooms on the site of the current reception room at the front of Linfield House. My mother in law, [REDACTED] is on the dementia ward (Richmond Suite) which is situated directly adjacent to the proposed new building. There is likely to be a huge amount of noise and disruption caused by this construction work and it will inevitably lead to many disturbed hours during construction. This reception area is a valuable space for meeting up with residents and having somewhere to talk quietly in a lovely sunny environment. I also really worry about how upsetting it will be for the dementia sufferers to have strangers in construction gear coming through their area. This could potentially be very frightening along with all the dust and noise. I feel that the needs of additional residents would best be met in the form of a new care home situated in a different location. There really isn't the space at the Linfield House site for the proposed expansion of seven additional bedrooms.</p>
