Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

We are proposing the installation of a timber shed for use by volunteer gardeners at Lancing Community Garden, on ground owned by Lancing Parish Council, with whom the community garden group has a tenancy agreement. The community garden takes up the north east corner of East Lancing Recreation Ground. The garden in which the proposed shed is to be built, was formerly part of the recreation ground, and so the garden represents a change in use of that part of the ground. The proposed shed does not represent a further change of use.

A shed is necessary in order to store our most frequently used tools e.g. wheelbarrows, forks, hand tools, watering cans etc. No electrical power, water supply, toilet or plumbing is to be installed.

The shed is being constructed specifically to be sympathetic to the surrounding park and trees and is of a log cabin style. It will be secured to concrete slabs which will be laid after levelling the ground underneath. There will be a small space between the ground and the shed to allow for air circulation. The shed will be protected from damp by membranes underneath and inside.

The community garden has started to grow a wide range of plants that attract pollinators, on ground that was previously just grass. We produce fruit and vegetables and provide them for free to local people in need via the food banks. The proposed shed will support this work and enable us to create even more biodiversity in the garden, over time. The intention is also to use the shed pitched roof to harvest rainwater via gutters, downpipes and rain barrels. This will substantially reduce our reliance on mains water. Rainwater is far better than mains water for biodiversity. The shed will also give us surfaces on which to place things like bug hotels and habitats for bees.

Existing Use

Please describe the current use of the site

The site has been used as a recreation ground until 2025, but was deemed by Lancing Parish Council (LPC), as the landowners, to be no longer suitable for that purpose due to generally wet, uneven ground and occasional flooding. It was no longer being used as a sports field and the football club stopped using it and moved away.

LPC have decided to begin to naturalise the area by introducing more trees, hedges, wild flowers and a community garden, making it a more attractive and usable place for residents.

Early in 2025, Lancing Community Garden volunteers were seeking a new site to set up a garden, and the north east corner of the former recreation ground was offered to us by the council. We have since established a garden in that area, with support of LPC and local residents, in which we grow a range of fruit and vegetables that we supply to the Lancing and Sompting churches food banks and other charities supporting local people who are struggling to make ends meet. The garden also acts as a quiet place for visitors and volunteers to spend time close to nature and in support of their mental wellbeing.

At present, we use the former football changing rooms to store our tools and equipment. However, those are located in the opposite corner of the former recreation ground. The time and energy taken in transporting equipment in wheelbarrows across the ground has a big negative impact on the limited time for which volunteers are available. The energy and enthusiasm of volunteers is highly valued also, and we are trying to attract more volunteers. Therefore, the proposed shed is part of our efforts to make the garden a more productive and enjoyable place to spend time in.

Is the site currently vacant?

- ☐ Yes
☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☐ Yes
☒ No

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- ☐ Yes
☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

- ☐ Yes
☒ No

Are there any new public roads to be provided within the site?

- ☐ Yes
☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

- ☐ Yes
☒ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- ☐ Yes
☒ No

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

- ☐ Yes
☒ No

Trees and Hedges

Are there trees or hedges on the proposed development site?

- ☐ Yes
☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- ☒ Yes
☐ No

You may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application.

The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- ☒ Yes
☐ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- ☐ Yes
☒ No

Will the proposal increase the flood risk elsewhere?

- ☐ Yes
☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system
☒ Existing water course
☐ Soakaway
☐ Main sewer
☐ Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
- ☐ Yes, on land adjacent to or near the proposed development
- ☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
- ☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Under 25 square metres

Please justify the reason why biodiversity net gain does not apply:

The planned development is 12.25 square metres. The threshold is 25 square metres.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☐ Mains sewer
- ☐ Septic tank
- ☐ Package treatment plant
- ☐ Cess pit
- ☒ Other
- ☐ Unknown

Other

No foul sewage will be produced from our shed, and there will be no plumbing.

Are you proposing to connect to the existing drainage system?

- ☐ Yes
☒ No
☐ Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☐ Yes
☒ No

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☒ Yes
☐ No

If Yes, please provide details:

A minimal amount of waste will be produced by the garden or by use of the shed. Any that is produced will be removed by volunteers or by arrangement with the landowners.

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☐ Yes
☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☐ Yes

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☐ Yes
☒ No

☒ Yes

☐ No

I certify/ The applicant certifies that:

- ☒ I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or
☐ The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners* and/or agricultural tenants**.

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
