Dear Peter Barnett
With regard to the application for extended opening hours at Storage Solutions
opposite my house. I would like you to consider not approving this on the grounds
it has been well established that this area should have restricted operating hours,
the previous owners where a complete nightmare to put up with, and if this becomes established the any new occupiers may take full advantage of this and literally make our lives intolerable here,
also this company were well aware of these restrictions when they first moved in,
it was clearly put to them about the hours and they fully agreed to stick with the current operating hours,
Also as a result I feel this is devaluing my property some what and will effect its selling price in the future,
and it goes with out saying the increase in traffic at this junction has tripled since the opening of this site and as a result traffic is cueing and backing up out side my house and on occasions, double decca buses wait out side of my front window and passengers just sit and gaze at us.
I do hope you can take this all into consideration.

Yours Sincerely

James Leach of 95 Gordon Road Shoreham bn43 6wg
