Neil,

In the circumstances, I would consider this amendment acceptable.

Regards

Keith Morgan

Subject: Ropetackle

Keith

On a separate matter to this mornings discussions, we have a slight issue with the design of the Brise Soleil on the curved end of the building, which on the approved planning drawings shows it projecting approx 1.2m from the face of the building.

The Housing Association have questioned how the windows can be cleaned on the First & Second Floors, as they would use a man with a pole brush & this would not be possible with the Brise Soleil projecting that far.

Would it be possible to reduce the projection of the Brise Soleil down to 0.5m, as we have calculated this would allow all of the windows to be cleaned.

I look forward to hearing from you.

Regards
