Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	We have huge concerns with the proposed rear windows of this property. With being the closest neighbour it will be an invasion of our privacy and family life while using our outdoor area. We would be serverly overlooked in our well used amenity space with our very young daughter. We value our outdoor space hugely and it's where we enjoy time individually, as a family, with friend's and their young children throughout the whole year. It's too overlooked for our family on a permanent basis but also with our visitors and their children. We are happy for a site inspection to take place to understand and see the concerns that we have.

Kind regards
